

When to seek Emergency Medical Care (any one of the following, may seek care for other reasons also)

- Moderate to severe difficulty breathing or shortness of breath
- Persistent pain or pressure in the chest (not just with coughing)
- New confusion or inability to arouse
- Bluish lips or face

Below are various health systems hotlines, links to virtual visits and general information on COVID-19. If you don't have symptoms above but are concerned, call/contact one of the below before seeking care in person. If you meet criteria, frequently virtual care physicians can order COVID 19 testing at drive thru sites.
